# **CATEGORIZE ITEMS**

Group similar items together—  
like tops, bottoms, dresses,  
and outerwear. This makes it  
easier to find what you need.

# **USE MATCHING HANGERS**

Invest in matching hangers for a clean, cohesive look.

Consider using velvet hangers to save space and prevent slipping.

# **SORT BY COLOR, STYLE OR SEASON**

Within each category, arrange items by color, style or season.

This not only looks visually appealing but also helps you coordinate outfits quickly.

# **MAXIMIZE SPACE**

Utilize storage solutions like bins, shelves, and hanging organizers. Consider using vertical space with hooks or tiered shelves to make the most of your closet.
